VICTIMS OF CRIME ACT (VOCA) GRANT PROGRAM (CFDA 16.575) INSTRUCTIONS

I. INTRODUCTION

The Victims of Crime Act (VOCA) of 1984 established the Crime Victims Fund in the U.S. Treasury. The Fund is financed by fines and penalties paid by convicted federal offenders, not from tax dollars. It includes deposits from federal criminal fines, forfeited bail bonds, penalties, and special assessments collected by U.S. Attorneys' Offices, federal U.S. courts, and the Federal Bureau of Prisons. Federal revenues deposited into the Fund also come from gifts, donations, and bequests by private parties. This fund provides the source of funding for carrying out all of the activities authorized by VOCA.

The purpose of the Victims of Crime Act (VOCA) is to support the provision of services to victims of crime throughout the Nation. Services are defined as those efforts that (1) respond to the emotional and physical needs of crime victims; (2) assist primary and secondary victims of crime to stabilize their lives after victimization; (3) assist victims to understand and participate in the criminal justice system; and (4) provide victims of crime with a measure of safety and security. Priority is given to victims of child abuse, domestic violence, sexual assault, and victims of violent crime who were previously underserved.

VOCA is administered at the federal level through the U.S. Department of Justice, Office for Victims of Crime which annually awards a grant to each state, the District of Columbia and U.S. Territories. The Governor of each state designates the state agency that will administer the Victims of Crime Act (VOCA) victim assistance grant program. The Office of Criminal Justice Programs, in the Tennessee Department of Finance and Administration, has been designated as the state agency responsible for administering this grant program in Tennessee.

This grant is funded through the Victims of Crime Act of 1984. The purpose of this program is to provide each state and territory with funding to support training and technical assistance for victim assistance grantees and others who work with crime victims.

II. ELIGIBILITY

Eligible organizations are victim services organizations whose sole mission is to provide services to crime victims, and have an expertise in working with the specialized population(s) they will provide training on. This includes public or nonprofit organizations whose missions is to provide statewide training and technical assistance.

Eligible sub-recipients will have a demonstrable history of providing high quality training.

Priority will be given to applicants who include evidence-based or evidence-informed practices or programs in the training curriculum.

Additional eligibility criteria can be found in Section III and VI below.

III. PROGRAM PURPOSE

The purpose of this program is to provide each state with funding to support training and technical assistance for victim assistance grantees and others who work with crime victims. In Tennessee, these

funds will support statewide training and technical assistance initiatives that will build the capacity of private and public organizations and enhance services to special populations. These areas of focus were chosen through extensive strategic planning with key stakeholders from throughout the state. The goal of this program is to provide training and technical assistance to VOCA victim assistance service providers and others who work with crime victims.

Enhanced Services to Special Populations: Unserved, Underserved, and Inadequately Served

The perpetration of crime, whether violent or non-violent is a widespread, costly and complex social problem in Tennessee with serious health and safety implications. Crime victims are found in all population groups throughout Tennessee. However, for traditionally underrepresented populations, the types of crimes, the strategies for seeking help, the access to social and economic resources, and the social norms surrounding the crime, especially in any type of interpersonal crime, may be distinct from those from the dominant culture. Barriers to seeking services for the unserved, the underserved and the inadequately served may include discrimination, isolation, unfamiliarity and discomfort with the various systems, and the lack of cultural competency on the part of community organizations. Individuals and entire communities may be underrepresented due to race/ethnicity; language; culture; geographical isolation; age; immigration or refugee status; sexual orientation or gender identity; physical, mental or developmental disability; or other characteristics.

Services to underrepresented groups are most effective when they are provided by, for and within the communities where they reside. Applicants will be experts that specialize in the needs of the specific populations listed below. The goal of these trainings will be to equip organizations (both mainstream organizations and community based organizations) to better serve underrepresented populations.

Trainings topics will assist organizations:

- to provide accessible, culturally and linguistically appropriate services to traditionally underrepresented victims of crime
- to identify and eliminate barriers to safety and support services for traditionally underrepresented victims of crime
- to promote the leadership of individuals and communities from traditionally underserved, unserved or inadequately served populations in the planning, delivery, and evaluation of services to crime victims in formulating community responses to crimes.

Projects must demonstrate an expertise on working with the population(s) chosen. Through strategic planning with stakeholders, the following groups are known to have large concentrations throughout the state and mainstream and community based organizations would benefit from enhanced training on working with these populations. One award will be made for each priority group, but agencies that demonstrate an expertise in services to multiple populations may apply for training more than one group.

- Extremely poor, rural and geographically isolated communities
- Hispanic/Latino/Latina communities
- Elderly
- LGBTQ communities
- African American Communities

It is required that projects include a planning committee comprised of experts in the field who will assist in the planning and development of the training plan. The planning committee members must be named in the application. The applicant is required to provide letter of intent to serve on the planning committee from those members.

Preference will be given to applicants that have a demonstrated history of providing services, training and/or technical assistance on the chosen topic(s).

IV. LENGTH AND AMOUNT OF PROJECT SUPPORT

The Office of Criminal Justice Programs will provide written notification to grantees of this solicitation identifying the length of project support. *Multi-year contracts will remain contingent, as always, on the availability of U.S. Department of Justice federal appropriations.*

Projects will apply for a **21 month grant** for funding **starting on October 1, 2016 and ending on June 30, 2018.**

Enhanced Services to Special Populations Projects will have budgets for \$25,000 per special population chosen. It is expected that there would be a minimum of three trainings, one in each grand division per topic, reaching 50 victim services providers at a minimum.

Match is not required.

In reviewing applications, attention will be paid to how the services will be provided, whether the applicant has a history in training nonprofits, the length of the history that an applicant has in providing training in the area chosen, how the applicant will involve the community to be served in planning for the delivery of the trainings, and whether there will be outreach to that community regarding the availability of the services.

V. REVIEW AND EVALUATION OF PROPOSALS

Each application will be rated, utilizing a “weighted” review tool, based on the applicant agency’s ability to provide a logical description of how their project theoretically works to benefit the target group. The project description must tie goals, activities, outputs, and outcomes together in a logical fashion. Applications will be reviewed for financial and programmatic completeness by OCJP staff with expertise in grant requirements and program design. The applications will be rated and funding will be determined through a competitive review process by a review team of professionals knowledgeable in applicable subject material. Grants will be awarded based on current funding patterns, the availability of funds, and the above cited criteria.

All competitive applications will undergo a final review by OCJP Staff and applicants will be notified of approval or denial prior to the contract start date. If an application is approved, the contract between the state and the subrecipient will be emailed with the approval letter. The contract must be signed by the Authorized Official and returned to the Office of Criminal Justice Programs for approval by the Commissioner of Finance and Administration. After the Commissioner approves the contract, an executed original contract will be emailed to the subrecipient.

Applicants for grants beginning on October 1, 2016 will be notified whether their application is approved prior to that date.

For non-profit agencies, the authorized official must be the President/Chairperson of the Board of Directors who will be signing the grant on behalf of the agency governing board. If necessary, the Board President may legally designate another board officer or the Executive Director to sign the contract in his/her absence. Written documentation of the Board Chair’s authorization for legal signature designation must be remitted with the signed contract.

VI. PROGRAM REQUIREMENTS

This requirement is waived when providing a service, such as telephone counseling, where soliciting the information may be inappropriate or offensive to the victim.

Training to Victim Service Providers:

VOCA funded organization service providers' will be given priority to attend trainings and receive technical assistance funded under this grant.

No Charge to Training Attendees for VOCA Funded Training:

Training must be provided to attendees at no charge through VOCA funded training programs. Any deviation from this requires prior approval by the state.

Certification of Non-Profit Status:

All non-profit sub-recipients of VOCA Assistance funding under this award must certify their non-profit status. Sub-recipients may certify their non-profit status by submitting a statement to the recipient (to be placed in the grant file) affirmatively asserting that the sub-recipient is a non-profit organization, and indicating that it has on file, and available upon audit, either – 1) a copy of the recipient’s 501(c)(3) designation letter; 2) a letter from the recipient’s state/territory taxing body or state/territory attorney general stating that the recipient is a non-profit organization operating within the state/territory; or 3) a copy of the recipient’s state/territory certificate of incorporation that substantiates its non-profit status. To ensure compliance with Title VI of the Civil Rights Act and the Omnibus Crime Control and Safe Streets Act, recipients are required to take reasonable steps to ensure that LEP persons have meaningful access to their programs. Meaningful access may entail providing language assistance services, including interpretation and translation services, where necessary. Subrecipients are encouraged to consider the need for language services for LEP persons served or encountered both in developing their proposals and budgets and in conducting their programs and activities. Reasonable costs associated with providing meaningful access for LEP individuals are considered allowable program costs. The U.S. Department of Justice has issued guidance for subrecipients to assist them in complying with Title VI requirements. Please note that OCJP will be awarding grants from the VOCA awards FFY 2014 and the FFY 2015. For the VOCA 2015 funding, OMB has issued the Uniform Administrative Requirements, Cost Principles, and Audit Requirements. The VOCA 2014 funding will continue to follow the appropriate circulars prior to the new Uniform Guidance. These circulars, along with additional information and guidance, are contained in the VOCA portion of the OCJP Administrative Manual available from the Office of Criminal Justice Programs upon award of grant funds or by referring to the VOCA portion of the OCJP Administrative Manual on the Office of Criminal Justice Programs website. This policy manual provides information on allowed costs, methods of payment, audit requirements, accounting systems, and financial records. Specific requirements include:

- A. Multiple Year Contracting:** Multiple year contracting reduces unneeded paperwork and duplication for OCJP, as well as the subrecipient's office. This reduction in bureaucratic paperwork allows the subrecipient more time to spend on project implementation and evaluation, while allowing OCJP more time to provide oversight, technical assistance and evaluation of individual projects and OCJP programs. *Multiple year contracts will remain contingent, as always, on the availability of U.S. Department of Justice federal appropriations.*
- B. State Agency Applicants:** State agency applicants (executive, judicial or legislative branch agencies) must notify their Department of Finance and Administration budget analyst at the time the OCJP application is submitted of their intentions to apply for a grant. This Division of Budget notification is required so that necessary steps can be taken to include the grant in the agency's state budget should the state agency receive an award granted from OCJP.

NOTE: State agencies procuring information technology must obtain formal support of procurement from the Office of Information Resources in the Department of Finance and Administration prior to the signing of the grant contract with OCJP.

Enter the name of the individual or company being used, the number of hours or days for the fiscal year and the total cost. Individual consultant fees cannot exceed \$650 per day or \$81.25 per hour; this includes legal, medical, psychological, training, and accounting consultants.
